Dedication
Mr. Peter J. Brown

We the class of '84 dedicate our yearbook to Mr. Peter J. Brown. We appreciate the many things Mr. Brown has done for us and our school. He has given unselfishly of his time and energy in a constant effort to help young people improve their skills in athletics and in the classroom. He always demanded the best from others, and more often than not we gave it — because Mr. Brown always gave his best to us.

In Memory
Heidi Burk
4/24/66-2/1/84

Heidi was always an outgoing person. Skiing was her life and dream. She was on her way to the top when we lost her. She had a lot of friends who will remember her as being happy and enjoying life. Each of us has our own memories that we can enjoy.

The days have been long and enjoyable. Being home once more lets "me be me" around the ones I love most.

Home
It can't be just a house
Your room
or even your own bed
It's the place that
your family's at.
The Breeze
It's coming
But the window isn't Open.
Heidi Burk 12/22/83

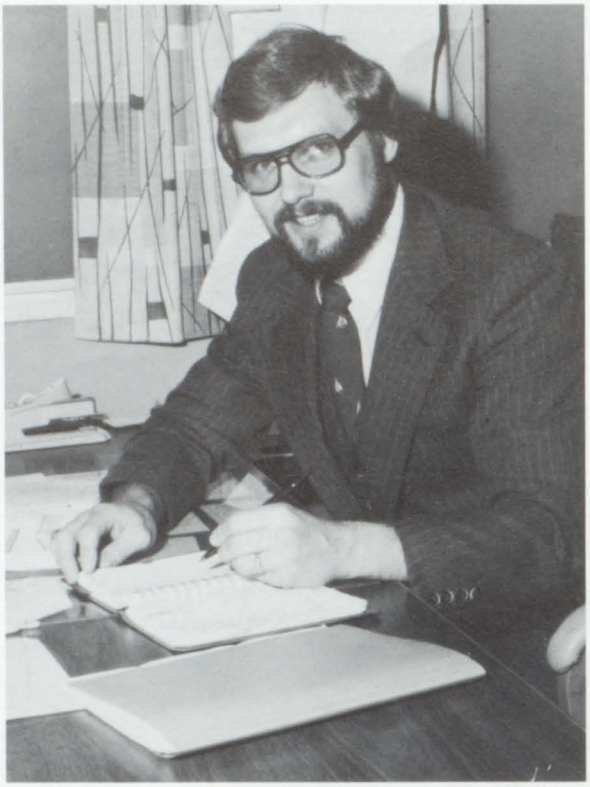

As you prepare to graduate many people will talk about the transition you will be making from school into a world of independence.

Graduation is not an end, but only a momentary stop while you change direction in your life. Each year the graduates face many problems which they will find solutions for. Each of you will have hopes and expectations for the future. Expectations are important, but you should also know when you have reached that goal, assess your accomplishments, then set new expectations for yourself. Often the road leading to the expectation is more rewarding than the enjoyment of the expectation itself.

The past is only important if you have learned from the experience and then go forward from it.

Best wishes from the entire school community.

Dewaine B. Craig
Superintendent of Schools

To the members of the Class of 1984:

You have just completed four years of preparation toward your life's goal. It is my hope that you do not look at graduation as the final achievement, but rather the beginning of many to come.

As always, some of the graduating class have had to work harder than others to achieve this goal. Let me leave you with this thought:

> "That which we acquire with the most difficulty we retain longest; as those who have earned a fortune are usually more careful of it than those who have inherited one."

As you set and achieve future goals, may you also put your best effort into them so that you will be proud and want to preserve them as you would a fortune. My best wishes to you.

MORNING ANNOUNCEMENTS
Jeff Dunham

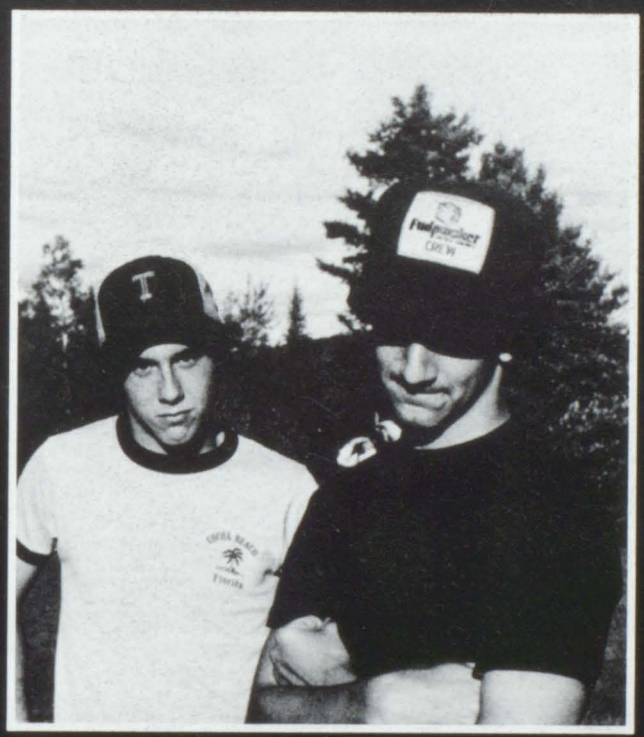

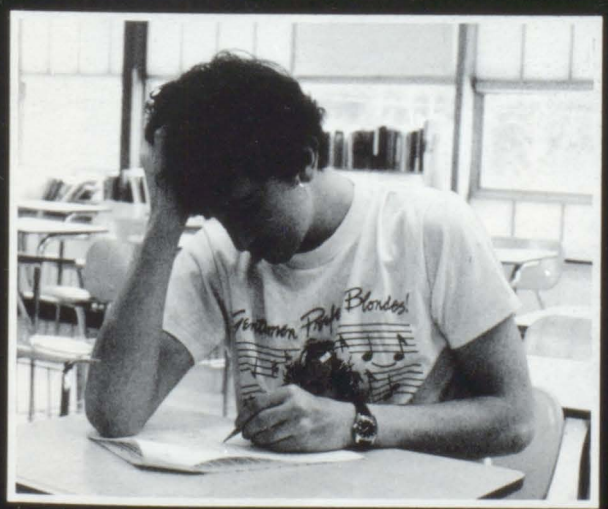

In all that I've done and all that I've learned,
I've searched for a "Me," for others to see,
Upon looking up after three years gone by
I found another page of my life had turned.

The simple happenings of today
will be great memories tomorrow,
And the fact that we can't do it again
might bring us a bit of sorrow.

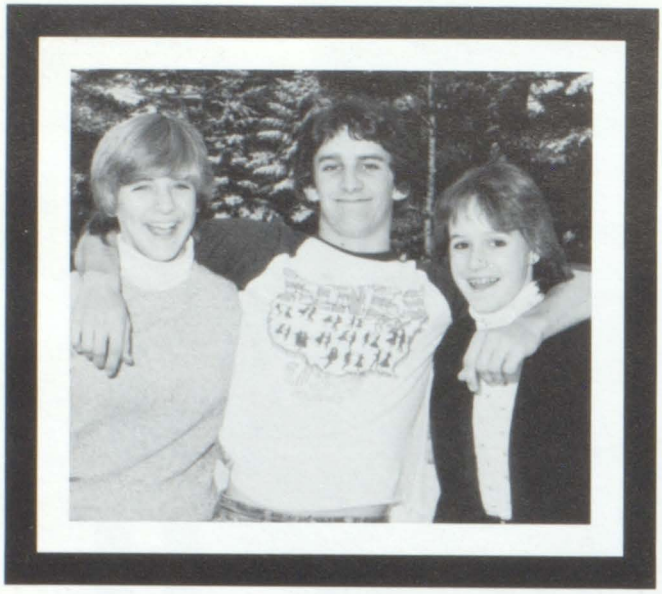

Yet the simple fact that we've lived life once,
Will let us think it a success
And the years to come will prove to us
this year has been better than all the rest.

The feeling of sweat
The agony of pain
The confusion of the mind

The endless circle; seeming to have gaps
Going — Stopping
Moving backward, today
Yet tomorrow, two ahead
Pushing
Always pushing
Nothing taken, without the work of giving

The dreams
The goals

Trying
Always trying
Never giving up
Never below 100%
Always thinking
Always open

The mark, of the true champion

FRIENDSHIP

If friendship is forever
I know mine is with you
And if friendship lasts a lifetime
I know mine will with you
You always seem to make me smile
When I feel so down and out
And I always seem to know exactly
What you cry about
I know you'll always need me
As much as I need you
Because when we work together
We can see all problems through
So when the world seems dark
And lonely and smiles are very rare
You can come to me because you know I'll always care
And of course we'll always conquer
Whatever we begin
Because we make a team that could never lose . . .
Together we always win!
